SHALL IT BE REGULATED OR ATTEMPT TO PROHIBIT IT

Religious and Medical Men Give Their Views-General Sentiment Towards Regulation--Rescue Work.

San Francisco, Jan. 8.-The social the Municipal League at the rooms of the Chamber of Commerce last evening. Rev. F. W. Clampett. Henry C. Fiske, Rev. William Rader, Dr. Meand C. K. Alpers addressed those who responded to the invitation to be present. The consensus of opionion of the speakers was that the evil should be segregated and placed under medical and police supervision

Dr. McNutt belleved in treating the the evil would have to be of next week. tolerated but that it should be restircted to circumscribed districts in the city and that the male companions of the women should be suppressed.

Dr. Clampett believed that great moral waves were deficient in common sense and said on this theme that the work of Dr. Parkhurst in New York had done more harm than good. He believed that the evil should be concentrated to one spot in the city and there regulated.

Dr. Fiske said that if the evil were simply a social evil it could be more easily be dealt with, but it was also a moral and physical evil. He thought there was but one right way to deal with the question. If the evil could be prohibited in nine-tenths of the city and segregated to one part it could be prohibited in the whole city. He advoated the arrest and imprisonment in reformatory of every woman plying her illicit trade. He believed that every attempt at prohibition should be accompanied by an attempt at rescue of the woman from the life she was leading. The whole sad crime of the church and the ages was the abandonment of these women.

Vencelius told of the segregation plan of Paris and how it worked there. He believed it to be a good plan which was the result of years of study on the subject. The entire regulation was for the purpose of saving the physical health of the nation.

Dr. Rader said he did not think there was an adequate solution of the problem in the whole world. He thought the evil should be looked upon as a W. C. AchiPresident & Manager M. K. He believed the remedy lay in strong public opinion, segregation and the strict en forcement of existing laws.

RACER IMP RETIRED.

Chillicothe, O., Jan. 7 .- It will no J. W. Bipikane. doubt be a source of great disappointnent to many admirers of the famous little racing mare Imp to learn that the black whirlwind will not be seen on the turf next season. "Uncle" Dan Harness only came to this decision after a long and serious deliberation.

Imp will not be retired because she is slower than in former seasons, but because she has already gained such world-wide reputation through her many victories that it is impossible to get her a place in races without hardicapping her with heavy riders to such an extent that it renders her suc ess difficult if not impossible

After consulting with his many "Uncle" Dan has decided to friends. retire the mare, and she will be kept Broker.

RUSSIANS TO EMIGRATE.

St. Petersburg, Jan. 6.—The Molokanen, a sect numbering 40,000, whose founders removed in 1840 from various parts of Russia to the Caucasus and whose deelgates have just brought glowing reports from the Doukhobors, or Russian Quakers, in Canada, contemplate emigrating to America. The sect secured state lands in the Caucasus almost rent free, but recently the Russian Government announced that the rents would be increased threefold or fourfold. Now the Molokanens are petitioning the Government to restore the former rentals or to permit emigration.
